Contract Terms

A non-refundable retainer of \$500.00 is required by the studio to reserve the time and date of your event. We are not bound until the deposit is paid and the contract is signed. The balance will be paid as negotiated on the contract. Terms will vary based on the services booked. The final payment is always due 2 weeks before the day of your event. Your album will not be delivered until the entire balance is paid (including orders from family and friends).

To insure the best expressions and quality in your photographs, family, friends and guests are requested not to take snapshots during any portraits and formal poses prior to the reception. At the reception, they may take any pictures they want.

All images and the right to use them for advertising purposes remain the property of Charisma Photography, unless otherwise negotiated.
